## HIGHLIGHTS FROM THE DACAPO CATALOGUE: 2010

DACAPO IS PROUD TO PRESENT this catalogue of our latest releases. A whole parade of outstanding Danish music, played by the best Danish musicians of our time.

Since Dacapo was founded in 1989 we have released over 450 CDs of Danish music from the Middle Ages until today, and more than 20 new releases are added each year. Every new CD makes the picture clearer: so much original and interesting music is made in Denmark that you forget how small the country actually is!

Our recordings are made in the best conceivable audio quality, based on a fine Danish tradition of natural and accurate sound reproduction. All the elements of our productions are of the highest quality, and this has helped to garner praise for Dacapo from all over the world. Scattered through the catalogue you can read what the international press has written about our CDs.

Dacapo works to make Danish music accessible to everyone with a taste for high quality and artistic distinction. You can read much more about the music, the composers and the musicians at the website.

Welcome to Dacapo!
